STAND UP FOR A HEALTHIER LIFESTYLE.

Our bodies are not made for standing on hard floors for extended periods of time. Standing in one position for a long time causes our leg muscles to become static, constricting blood flow to our legs. This results in fatigue and serious discomfort in the feet, legs and back as well as stiffness in the neck and shoulders.

Comfeet is an ergonomic, anti-fatigue mat manufactured in Germany, which has been extensively researched and tested for prolonged standing. The elastic texture and knobby surface of Comfeet mats reduces the stress placed on bones, joints and muscles, and stimulates blood circulation in the legs – to prevent resultant chronic health disorders.

FEATURES

- ☞ Anti-fatigue
- ☞ Pressure point relief
- ☞ Anti-slip
- ☞ Non-toxic –child and pet safe
- ☞ Internationally certified
- ☞ Easy to clean & maintain

HEALTH BENEFITS

Reduces fatigue

Prevents & reduces health problems

Reduces foot pressure; prevents joint stiffness

Increases blood circulation

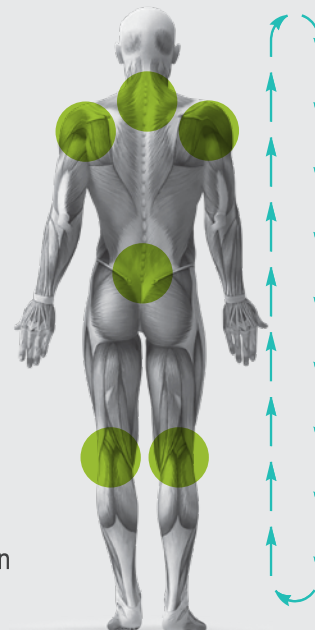

Improves productivity
